June 10, 2014

TO: Chief School Administrators
Nonpublic School Administrators

FROM: Evo Popoff, Assistant Commissioner/Chief Innovation Officer
Division of Charter Schools, School Choice, Technology, Turnarounds

SUBJECT: Nonpublic Technology Initiative Technical Assistance

The New Jersey Nonpublic School Technology Initiative Program is authorized by language in the Appropriations Act authorizing Nonpublic Technology Initiative Aid to be paid to school districts and allocated for nonpublic school pupils in a manner that is consistent with the provisions of the federal and state constitution. Public and nonpublic schools are invited to register to attend a technical assistance session to clarify requirements and the roles and responsibilities of the public and nonpublic schools. Please note that there were minimal changes to the program this year so this session is for novice or otherwise interested participants from public and nonpublic schools. An archived webinar will also be posted on the technical assistance web page. Due to budget constraints, no food or beverages will be served.
