June 16, 2015

TO: Chief School Administrators
Charter School Lead Persons
Principals
All Educators

FROM: Peggy McDonald, Director
Office of Special Education Programs

SUBJECT: Summer 2015 Learning Labs
Sponsored by the New Jersey Department of Education – Office of Special Education Programs

This summer, the Office of Special Education Programs is offering an array of Summer Learning Labs for educators, parents and paraprofessionals, focused on improving instruction for all students, including students with disabilities. The Learning Labs will address key concepts that support the high expectations we set for all students in today’s classrooms. Each session will offer time for participants to create materials that can be used to support teaching and learning for all students, including those with disabilities in today’s classrooms. Learning Lab sessions and materials are provided at no cost to participants. Training Days are scheduled from 9:30 a.m. – 2:30 p.m., at the Learning Resource Centers statewide.
